CITY MATTERS.

A couple of watchmen at East street shops had a little misunderstanding last night ending a fight. The patrol wagon was called out to quell the disturbance.

Dunn—Dunn—Entered into rest on the evening of April 22, 1886, at 10:45, Fannie B. wife of Dr. Charles W. Dunn. Services at the house, private, Friday next at 4 p. m.

MARRIED—April 22d, at Oxford, O., by Rev. Henry Tucker, Dr. C. O. Munns to Cornelia S. Bogart. The Doctor and his handsome bride have gone on a wedding tour down South.

O. A. of the young ladies who met with a singular and serious accident at a house on Center street Sunday last, is still in a critical condition, being delirious and threatened with further illness.

The Xenia Republican says that it is rumored that Rev. Dr. Moorehead will resign his pastorate of the U. P. church, to take effect in the fall, in order that he may devote his whole time to the duties as professor in the Theological Seminary.

R. M. Bane, a well-known citizen of long residence in Moorefield township, died at his home of a complication of disorders, this morning. He had been ill since last Christmas. Funeral services in Moorefield chapel at ten o'clock tomorrow forenoon.

Only two arrests were made last night. Jerry Hucksins was run in for being drunk and Wm. Underwood for disorderly conduct. William was engaged in a little altercation, day before yesterday, with Eliza Underwood who was fined \$5 by the Mayor yesterday. He will probably receive a similar dose.

In the Mayor's court, yesterday, Bell Mason, John Mason, and Eliza Underwood were each fined \$5 and costs for being drunk and disorderly. Press, Temple got \$4 and costs for loitering and four or five other victims received \$1 and costs on the same charge. Our new Mayor is making it warm for the boys.

Urbana Citizen: "The report that Dr. Imhoff had resigned the pastorate of the Lutheran church at this place is without foundation. The Doctor informed a representative of this paper that he had no such intention. He had, however, been advised by his physician to take a vacation of two weeks, as he was over-worked. He has been in the habit of taking a vacation of this kind every year for some time, and this is his regular time for such a vacation. He will fill his pulpit again on May 3. Dr. Imhoff has a desire to see the new church built, that is contemplated, before he retires from the pastorate of this congregation. Until then he will remain here, unless his health compels him to give up."

Mr. E. A. Garver, of Scott street, received a telegram last evening announcing the sudden death, with typhoid fever of a malignant type, of his son-in-law, Mr. Ed. Davidson, at Bath, New York. The deceased visited here about one month since, and returned, leaving his wife to make a longer visit with her parents. On a telegram informing her of her husband's illness, she left for home yesterday morning, arriving at noon. The death occurred at 3 o'clock in the afternoon. Mr. Davidson was for some time connected with the Engine and Thresher Co., on Limestone and Warder streets, here, but was in the drug business at Bath. Street Commissioner E. A. Williams and the deceased were brothers-in-law.

The Xenia Gazette says: "It is said that the new Guard with their white gloves and new suit, made the Springfield Guards look rather dingy by contrast yesterday afternoon when they came along side in the drill." The Martins did make an appearance on parade and drill that was quite a surprise and attracted favorable comment from old soldiers. If the Bushnell Guard were dingy in comparison it is because they have "seen service" in the uniform they wore, at the Cincinnati riots and in several camps. They have a handsome dress uniform for parade but did not bring it out Tuesday in order that they might make a uniform appearance with their visitors. There's nothing the matter with the Bushnells.

Yesterday afternoon, while the marshal and his assistants were marching the prisoners back from the mayor's court to the station house, Alex. Temple and young Brannen, who were chained together, took it into their heads to make a dash for liberty. Waiting until they arrived at the corner of High and Spring streets, they made a sudden break down the latter street, towards the New Champion shop, followed by a couple of shots from Wilson's revolver. The boys hid themselves down near the shops and would, perhaps, have escaped had their hiding place not been pointed out to Temp. by a person who had been watching them. As it was Wilson soon had them again in his clutches and lodged them safely in the station house.

Drinking Fountains.

Every Spring a "dead net" is made at Council for the establishment of central points of public drinking fountains supplied by the water-works, and every year nothing is done about it beyond the expenditure of a certain amount of an opposite element—wind. It is in the interest of soda sellers and beer jerks, perhaps, that matters remain as they are, but if now and then somebody comes along who preters his "Adam's ale" straight he ought to be accommodated. The cost would be slight compared with the benefits to the general public. One Market street restaurant is positive that on an average, one faucet is worn out by people stepping in from the street for a drink of water—and a tooth-pick. While they are about it, what is Council going to do this year (they did nothing last) to abate the dust nuisance on Market Square? The merchants are willing to do their share but feel it a burden to be obliged to tackle the job entire.

ART ANATHEM.

Exhibition of Copies and Studies From the Pencils and Palettes of Miss Dunlap's Pupils—Progress of Local Art.

Miss Dunlap's reception and exhibition of the work of her pupils in oil, water colors and crayon, on Tuesday and Wednesday of this week, was liberally attended by local artists and patrons of art. As her pupils are almost exclusively young people of more or less natural talent, whose studies are pursued through pure love of art, and whose object is rather home adornment than pecuniary profit, their efforts have been given such range as their tastes suggested, under the guidance of their teacher. The specimens on exhibition show different degrees of progress, but are of a higher average merit, both in the skillful execution upon which proper expression depends and in the handling of colors, than any amateur work which the public have hitherto been invited to examine in this city. Such lovers of art as failed to attend the reception are greatly the losers. The collection was not extraordinarily large because of the circumscribed space in which the display was made, but it was of a very interesting character.

Among those deserving special mention was a view of "Munkingum Hills," a finely executed landscape in oil, by Mrs. Harshman, in which the various tints of purple twilight are handled with excellent taste and expression; a lake view in oil by Miss Laura Houck; a nature study on polished brass plaque by Miss Alice Boser; a study of clover and ferns in crayon, from nature, by Miss Alma King; very artistic: a group of little chicks, in crayon, by Miss Madge King; a lily and spray of grasses on panel, by Miss Maggie Dunlap; several landscape studies in crayon, by Miss Jessie Harwood; two fine studies in oil, a group of quills and an apple, by Miss Lizette Mast; space decorated with winter scene, and a moonlight scene, by Miss Nellie Norris; a table scarf, with water lilies and wild roses, by Miss Carrie Kurtz; a sunset scene of peculiar but effective coloring and shading, and a winter scene, by Miss Bruna Reed; a fruit piece, plaques, etc., by Miss Estelle Youngman; azules on brass plaque, and a donkey's head, the latter a very expressive work, by Miss Martha Swayne; stag and dog's head in crayon, and several landscapes in water colors, by Miss Izzy Muzzey, and a number of specimens by other pupils, the whole being very creditable both to students and teachers.

Memorial Day Committees.

The general committees on arrangements for Memorial Day met yesterday afternoon, with Commander Penfield in the chair. The following sub-committees were appointed:

CHAIRMAN OF THE DAY—General J. Warren Keeler.

CHAIRMAN OF THE DAY—Chaplain R. F. Delo.

FINANCE—Captain Am. Winger, Wm. H. Grant, C. B. Pierce.

INVITATION AND RECEPTION—D. C. Putman, W. H. Grant, T. M. Gugenheim and Adjutant Charles W. Shearer.

FLOWERS—Colonel W. S. White, C. A. Reeder, J. M. Nuffer, T. E. Lott, J. C. Holloway and Captain George Stutz.

This committee will have charge of placing the flowers on the graves in the cemetery and at the Soldiers' Mound. The general committees wish to make a change in the ceremony at the Mound, which, if carried out, will add much to the beauty and impressiveness of the occasion. It is that the Committee on Flowers select a sufficient number of girls and boys to scatter the flowers on the graves.

DECORATIONS—J. W. R. Cline, O. N. Bartholomew, Harvey W. Hohn and Martin Krapp.

GRAVE FLAGS—Col. R. L. Kilpatrick, Isaac Kindle and James Gehlin.

SPEAKERS STAND—J. S. Port, Miss J. W. R. Cline and Jas. E. Folger.

CARRIAGES—D. W. Stroud and J. C. Holloway.

MARSHAL—Col. D. King.

ICE WATER—O. N. Bartholomew.

SPECIAL POLICE GUARD—W. H. Hughes.

Heretofore the ceremony at the mound has taken place just after the speaking at the stand. It was thought best to march direct to the mound, this year, perform the ceremony of scattering flowers on the graves, and then proceed to the stand, where the addresses and other exercises will be delivered. Adjutant Shearer is in receipt this morning of letters from Generals Gibson and Mendenloper, saying they will be unable to deliver the oration here Memorial Day.

Suit Against Bondsmen.

George Arthur, Esq., as attorney for Wm. H. McClintock, brought suit in Common Pleas court last evening against Wm. Jones, the absconding and alleged defaulting Justice of the Peace of Pleasant township, at Catawba, and his bondsmen, Joseph Pearson, George W. Davidson, Isaac Neer, and D. M. Harrison, to recover the sum of \$113.50 and interest. After relating the facts of Jones's election and assumption of the duties of his office, the conditions of the official bond, a copy of which is attached to the petition, the petition sets forth that plaintiff on the 7th day of November, 1884, placed in the hands of Jones a promissory note made by one D. S. Gordon, for \$210, with instructions to collect the balance due thereon. It is further alleged that Jones did collect the amount now sued for but failed and refused to pay it over to plaintiff, making no record whatever of proceedings in the case.

Jones's case may come before the next grand jury, but whether or not testimony can be had upon which to base an indictment for an offense that will insure his extradition, is a question. Breach of trust is not sufficient.

Prohibition Club Tonight.

The Prohibition Club will meet this evening at the usual place, 47 West Main street, Roth's building, at 7:30 o'clock. An interesting feature of the meeting will be a debate upon the question: "Resolved, That the Republican party will yet give us prohibition." Affirmative, R. S. Thompson and Robert H. Young; negative, O. M. Sellers and George W. Crowell. An interesting and animated discussion is expected. Everybody invited.

Auditor Services have been notified of following times and places of meeting of county auditors for making the annual railroad assessments: C. C. & I. Railway, Cleveland, May 12; L. B. & W. Ohio Division, Sandusky, May 11. Time for Middle Division not fixed yet. Columbus & Springfield, Columbus, May 1; P. C. & St. L., Cincinnati, May 9; N. Y. & P. C., Cleveland, May 19; Cincinnati & Springfield (Short Line), Cincinnati, May 19; Ohio Southern, Springfield, May 19.

A Registry Law.

The aphorism that virtue and intelligence constitute the only safe basis of a popular government is as old as the idea of a government of the people. But in our land so perverted in its free schools, free thought and newspapers, there is "yet much land to be possessed" in point of intelligence. And is there not even a more fearful lack in point of virtue—political virtue—in many parts, if not in the whole country. What a startling fact we hear that in a single ward in a city in Ohio more than 1,000 illegal ballots were cast and counted at the late election. Not an election is held in our state but the air is full of rumors of fraud in the use of the ballot, and there is too much of truth in such rumors to make it a matter of jest. This presents the most momentous problem now before the American people, viz: To make pure the ballot box and keep it pure. For in this is involved nothing less than the perpetuity of our Government. And in this direction and tendency, the purpose of the things that ought to be done and that will be done when public attention shall awake to the condition of things, is, the enactment of a proper registry law. Under such law, the account is made up before the day of election, showing who are legal voters, and thus affording means of detecting fraud of every kind. This registry is made up by persons appointed under the law, and sworn to by the voter honestly and correctly. It is done without the excitement of a partisan contest. It is done in cool blood, without the flurry and rush of excited partisans. It is done under a condition of things, that every man who is legally entitled to vote can make proof of the fact, and every man who would cast a fraudulent ballot can be detected before the act.

Such a law was enacted in Ohio years ago, but small-sized demagogues put up the cry that the design of the law was to cut off those from voting who could not spare time to go to the station and be registered, and after a single election the law was repealed. But the fact was those who objected to the law did it partly for partisan effect, and partly that the law interfered with their fraudulent practices. The objectors were not Republicans.

A registry law has been in force in the State of New York for years, and its beneficial effects have so recommended it to the better public sentiment of that State that the question of its repeal can not be entertained, and is not even thought of. Such confidence has it inspired in the public mind as to the purity of the elections in that State, that a leading public journal recently made the statement that it was in virtue of the public confidence in the purity of elections under this law that the public mind readily acquiesced in the late infomental majority of Grover Cleveland in that State.

Owing largely to the fact that the two great parties are so nearly equally divided, the legislation of Ohio is not up to what it should be, and in some respects it is not equal to States that are our juniors. It is time that our legislators should take notice of this fact. And to begin, let the Republican party see to it that the next Legislature shall be strongly Republican, and if it shall enact a well and carefully considered registry law, it will do no work of greater moment to the interests of our State.

CATAWBA.

The storm last Friday night was heavy in and around Catawba. O. Lovins had six sheep killed that were sheltered under a tree that was struck by lightning. John Ryan's barn was struck by lightning and quite a large hole torn in the roof. J. Bumgarner's house was struck and the roof was badly demolished.

Mrs. William Bane is down with the diphtheria.

S. H. Gave and wife are on the sick list at this writing.

Uncle Henry Runyan's new house is under roof. A. J. Rust is the contractor.

A. B. Runyan is going to build a barn. Z. Q. Skillman is the contractor.

Thomas Marton, of Mechanicsburg, has made quite an improvement in his store at this place. He has a new glass front, new shelving and also a new clock, Quinn Owens. He takes the place that Burgess has held for several years. Burgess has retired from business and is going to build a new house in this place at once.

S. H. Neer and family of this place will move to Tennessee as soon as his school is out.

The wheat in this part of the county looks slim. Some of the farmers are going to plow up their wheat and sow oats and flax.

We have no use for the Bohemian oats.

I will give you a few words in reference to the late Justice of the Peace of Pleasant township. T. M. Meror, of Catawba, Postmaster, Grand Treaty Patriarch of the Sons and Daughters of Temperance. He has left a good many of the people with the sack to hold while he goes out to Hartford, Ind., with the Lemons to see about the snakes.

Sunday evening while George Grone and George Waltman, two of our young bloods, were buggy riding, their horse up set the buggy and turned the wheels inside out.

Something for All the Frenchers.

Rev. H. H. Fairall, D. D., editor of The Iowa Methodist, says editorially, in the November (1885) number of his paper: "We have tested the merits of Dr. King's New Discovery, and believe that, by a thorough course of treatment, it will cure almost every case of catarrh. Ministers, as a class, are afflicted with head and throat troubles. We cannot recommend Dr. King's New Discovery too highly."

The removal of Prof. Sanborn of N. H., after being pronounced incurable by a score of physicians, from Las Vegas, N. M., to his home was effected by administering Dr. Harter's Iron Tonic, which has restored him to his former good health.

The Burdock Plant is one of the best diuretic or kidney regulators in the vegetable world, and the compound known as Burdock Blood Bitters is unsurpassed in all diseases of the kidneys, liver and blood.

The Homestead Man in Springfield, As well as the homestead, and others, are invited to call on Dr. T. J. Casper, druggist, and get free a trial bottle of Kemp's Balsam, for the throat and lungs, a remedy that is selling entirely upon its merits, and is guaranteed to cure and relieve all Chronic and Acute Coughs, Asthma, Bronchitis and Consumption. Price 50 cents and \$1.00.

Have used Dr. Thomas's Electric Oil for cramp and colds and declare it a positive cure. Contributed by William Kay, 370 Plymouth avenue, Buffalo, N. Y.

A Husband's Greatest Blessing is a strong, healthy, vigorous wife with a clear, handsome complexion. There can all be acquired by using Dr. Harter's Iron Tonic.

The greatest foe of American people is consumption; its victims number many thousands each year. Physicians and druggists have at last found a remedy which they feel justified in recommending. This is Dr. Bigelow's Positive Cure, which cures consumption in stages that other remedies are of no benefit. It cures coughs, colds and all throat and lung diseases, and is sold in 50-cent and \$1.00 bottles. Price 50c. and \$1.00. Samples free. Sold by Ad. Bakhaus & Co.

CURES FOR PILES.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose that he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture, like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, bloody, and itching Piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the Tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cents. Sold by Ad. Bakhaus & Co.

We are allowed to refer individuals to the following case of a gentleman in this city (Cleveland) who is unwilling to have his name appear in print:

He says that for 15 years he was a sufferer from Neuralgia in his back, limbs and head, causing him at times intense pain, and so affecting the left shoulder joint that, in swinging the arm as in walking, he was constantly snapping of the joint could be distinctly heard. This gentleman commenced taking Dr. Carpenter's Calculi Resolvent in Nov. last. He was immediately relieved, and after taking four bottles says he regards himself as thoroughly cured, and credits his cure entirely to a regular and faithful use of "Calculi Resolvent."

The same gentleman says his wife also has been greatly benefited by its use for impure breath and other troubles. Sold by J. J. Brown.

Mr. Editor—Many of your readers may be benefited by the knowledge of such an excellent remedy as Dr. Jones' Red Clover Tonic, which produces the most favorable results in disorders of the liver, stomach and kidneys, and is a valuable remedy in dyspepsia; also debility arising from malaria or other causes. It is a perfect tonic, appetizer, blood purifier, and a sure cure for ague. Price 50 cents. Theo. Troupe.

LOCAL NOTICES.

Truth is mighty and must prevail. So, also, must Miller's Herb Bitters prevail over all forms of kidney and liver diseases. Dyspepsia and indigestion likewise yield to the magic of its power. Read what Millard Mosier, of Barclay street, New York, says: "After suffering torments from dyspepsia and indigestion I found a complete cure in your remedy. My wife was also cured of severe neuralgia."

As a superb hair dressing and renovator Ayer's Hair Vigor is universally commended. It eradicates scurf and dandruff, cures all eruptions and itching of the scalp, promotes the renewed growth of the hair, and surely prevents its falling or turning gray.

The enervation and lassitude of spring time are but indications of the sluggish action of the blood, over-loaded with carbonates accumulated by the use of heating food in winter. This condition may be remedied by the use of Ayer's Sarsaparilla, the best blood purifier known.
